

HOUSEHOLD BATTERY RECYCLING

DID YOU KNOW

You cannot recycle your alkaline, single-use household batteries for **free** in Erie County, NY

AND YET

It is **possible** to recycle a single-use battery to recover **100%** of its components.

Join me in creating

The Coalition of
Positively Charged People

Friday, September 25, 2015, 7pm
or
Friday, October 9, 2015, 7pm

Amherst Municipal Building, 5583 Main Street, Williamsville

as we discuss these issues:

funding engineering
legislation
communication location

to create an
environmentally sound,
community-friendly
program for
household battery recycling.
