\$150.00 Desert Sponsor

Directions

Salvatores Italian Gardens
6461 Transit Road
Buffalo, NY 14043

Believe it or not, the holiday season is just around the corner, and so too is the Electrical Industry Christmas Party. This year's party will be our 35th annual get together, and once again will be held at Salvatore's Italian Gardens Restaurant.

We greatly appreciate your past endorsements of this party, and on behalf of the IES/Buffalo, please accept our sincerest thank you.

The Illuminating Engineering Society of Buffalo hosts this party each year, to promote friendship and goodwill within our local electrical industry, as well as to help us underwrite expenses associated with these local section programs:

Emerging Professionals "IGNITE" Scholarship

– College students present a project, featuring interior lighting design, for live judging. The

designs and the presenters are judged, for design concept, originality, technological know-how, and the student's presentations skills. The winning entrant receives a \$1,000.00 award and a \$500 award is given to the second place recipient to further their education.

Free Meeting Attendance for Students – Higher education students, presenting a valid student ID, can attend our monthly morning technical meetings free of charge, which generally include breakfast. The graduating seniors will be our emerging professionals for tomorrow and vesting in their future is of utmost importance for the continuous success of the section.

Continuing Education Credits – Many of our monthly technical meeting provide learning credits for those professionals who need continuing education credits to maintain their credentials.

Sponsorship: In order for us to continue to provide these programs, and to fulfill the IES mission "To advance knowledge and disseminate information for the improvement of the lighted environment to the benefit of society," we need your help! We are offering a number of ways in which you can help support our cause. Please see attached flyer and consider helping us with sponsorship for the Annual Holiday party. Registration can be done right from the website links provided.

Regardless of how you choose to help, we will be truly grateful. We encourage you and your staff to attend the party, and share a joyous evening with friends and colleagues, on behalf of the IES and the rest of the WNY electrical community. All are welcome! So please help, with your attendance and financial support. We thank you in advance for your kind consideration and patronage, and we look forward to seeing you, at Salvatore's, December 13, 2016!

Warm Regards & Holiday Cheer,

The Illuminating Engineering Society
